Open School Of Watchmaking (OSOW)

International meeting of watchmaking schools in Dresden. Uhrmacherschule Hamburg is a part of it.

This year's meeting took place in the capital of Saxony Dresden from September 16th to 20th and was attended by teachers and lecturers from Ringsted (Denmark), Espoo (Finland) and Germany (Würzburg, Villingen-Schwenningen, Recklinghausen and Hamburg).

We were kindly received in the education center of the famous watch manufacturing company A. Lange & Söhne in Altenberg - Bärenstein in the Erzgebirge Mountains. On the agenda was the coordination of various transnational projects of watch part production and repair for educational purposes and also student / teacher exchanges for the next 2 years.

The conference starts

Close insights into the production site of Lange Uhren in Glashütte was one of the definite highlights of the meeting. Nearly all members of the network were pleased to meet former graduates from their respective school.

The last expert workshop of this kind was organized and took place in Hamburg in 2013. As we meet every second year, the next meeting will be in 2017. The location will be Zealand Business School (ZBC) in Ringsted, Denmark.

At the moment there are students abroad and we have guests from Finland and Denmark in Hamburg for two weeks.
